

## Tournament Spotlight: Andie Studley

Andie Studley was a star student and athlete at Wylie High School. She did everything in her power to excel in every aspect of her life. When she walked into any classroom, Andie would always have a big smile on her face and learning was important to her. On the soccer field, Andie was a fierce competitor. Andie was definitely not shy when it came to standing up for what she believed in. She believed in fairness for all. Andie was the epitome of character, leadership, intelligence, and hard work. She always pushed herself to be the best in everything. She was a positive influence in many peoples' lives and lived her life to the fullest each day.

Andie was very dedicated to her studies as well as her teammates and would do anything that a teacher or coach would ask of her. Her hard work, determination, and perseverance inspired others and continues to inspire others to be better athletes, better students, and all-around better people. She would not have settled for anything less than her best at everything.

Unfortunately, on August 1<sup>st</sup>, 2013, Andie had a seizure in her sleep and never woke up. Our families, teammates, the students and staff in Wylie ISD, and many throughout the metroplex remember the wonderful memories that we shared with Andie. To show our love and support we have created a scholarship endowment in Andie's memory that we fund with proceeds from our tournament. These funds help grant scholarships to seniors who demonstrate the qualities that Andie embodied.

Thank you very much for your participation in this year's tournament and we hope you have fun!

## Tournament Spotlight: Andie Studley

“Our lives are not defined by two dates,  
but by all of the memories built into the dash.”
